

REMARKS

On page 2 of the Action, it was required to revise the specification to comply with 35 U.S.C. 112, first paragraph. The specification has been reviewed and revised. No new matter has been added to the specification.

On page 3 of the Action, claims 1 to 3 were rejected under 35 U.S.C. 112, second paragraph, as being indefinite. On page 3 of the Action, it was indicated that claims 1 to 3 would be allowable if rewritten to overcome the rejection.

In view of the rejections and indication of allowance, claims 1 to 3 have been amended to clarify the features of the invention.

With the amendments, the application is believed in condition for allowance. If, however, some amendments are still required, please contact the undersigned agent.

Reconsideration and allowance are earnestly solicited.

Respectfully submitted,
